Board of Trustees

June 2026

Graduation

On behalf of the Board of Trustees, we are proud to celebrate your graduation and the hard work that brought you here. You have learned, grown, and shown strength along the way. As you take your next steps, we wish you courage to try new things, kindness in how you treat others, and confidence in who you are. Our community is better because of you, and we are excited to see all that you will do. Congratulations, graduates.

St. Carlo Acutis School

While it still seems far into the future, we will open a new elementary school in the fall of 2027. Construction continues, and thanks to more than 500 name suggestions, we can officially call that new school St. Carlo Acutis School. St. Carlo said, "To always be united with Jesus, this is my life plan." We ask this modern saint to pray for all those involved in the new school.

St. Raphael School

We also ask St. Raphael to pray for the students, staff and community of the very recently opened St. Raphael School. We celebrated in May with the school and faith community to bless the building and all those who come and go, as well as officially open the school with a paper chain cutting.

Budget

June is the month for us to finalize our budget for the following year. We appreciate all the work put into presenting the best ways for us to use the funds from the Ministry of Education for the 2026-2027 school year. We will release this budget publicly before the end of June.
